HEALTH & SAFETY RISK MANAGEMENT COURSE

Aim To train attendees to be effective Risk Managers through the process of identification, assessment and control of hazards in their workplace.

Objectives On completion of this course, participants should be able to:

1. Outline the WH&S legal obligations of PCBUs, Officers, Workers and others,
2. Define a hazard and explain what 'risk' means,
3. Carry out an effective inspection of their workplace and recognize and understand the hazards that are there,
4. Use the WHS documentation or a risk management worksheet based on the Code of Practice How to Manage WHS Risks, to;
(i) effectively assess the hazards they identify, and
(ii) determine how to eliminate or control the risk,
5. Make appropriate recommendations to manage the risks through elimination or control so that the health and safety of everyone is protected,
6. Draw up an action plan to implement their recommendations.
