

Slips and Trips Hazard Guide

This course has been designed to provide you with an understanding of the controls that should be applied to slips and trips in the workplace. This course has been endorsed by the Safety Institute of Australia.

Learning Outcomes

This course will provide you with information about:

- what slips and trips are and some of the ways that you may be exposed to slips and trips, and
- controls that should be applied to reduce the risk associated with slips and trips.

Course features:

- professional audio
- animation and interactivity
- multi-device compatible
- summative assessments, and
- a certificate of completion

Estimated Duration

15 minutes

Target Audience

This course is aimed at workers who are already competent and is used as a sign off to confirm competence.

Cost

The cost is dependent on the number of people to be trained and the length of time they need to have access to the training.
