Injury Management for Managers and Supervisors Online Course

This course will provide managers and supervisors with a better understanding of injury management, and of their role and responsibilities in relation to injury management

Learning Outcomes

This course will provide an understanding of:

- what injury management is
- workplace injury management and return to work programs
- who is involved in injury management
- initial response to injury
- the rehabilitation and return to work process, and
- how to support an injured worker's recovery and return to work.

Estimated Duration

60 minutes

Target Audience

The course has been designed to provide training for managers and supervisors in Australian organisations.

Cost

Cost is dependent on the number of people to be trained and the length of time they need to have access to the training.

Course Features:

- professional audio
- animation and interactivity
- multi-device compatible
- assessments, and
- a certificate of completion
