

Minimising Risk Using Personal Protective Equipment Hazard Guide

This course has been developed to provide the learner with an understanding of why personal protective equipment (PPE) is used in the workplace, their PPE responsibilities and some commonly used items of PPE.

Learning Outcomes

This course will provide you with information about:

- what personal protective equipment (PPE) is
- when PPE is suitable for use
- who is responsible for providing and maintaining PPE
- your responsibilities regarding PPE, and
- common PPE used in the industrial environment.

Estimated Duration

15 minutes

Target Audience

This course is appropriate for anyone undertaking a hazardous task that requires personal protective equipment in the Australian workplace

Cost

Cost is dependent on the number of people to be trained and the length of time they need to have access to the training.

Course features:

- professional audio
- animation and interactivity
- multi-device compatible
- summative assessments, and
- a certificate of completion
