Underground Utilities Hazard Guide - Online Course

This course has been designed to provide you with an understanding of the controls that should be applied to underground utilities in the workplace.

This course has been endorsed by the Safety Institute of Australia.

Learning outcomes

This course will provide you with information about:

- what underground utilities are
- ways that you may be exposed to or have accidental contact with underground utilities, and
- controls that should be applied to reduce the risk associated with underground utilities.

Course features:

- professional audio
- animation and interactivity
- multi-device compatible
- formative assessments, and
- a certificate of completion.

Estimated Duration

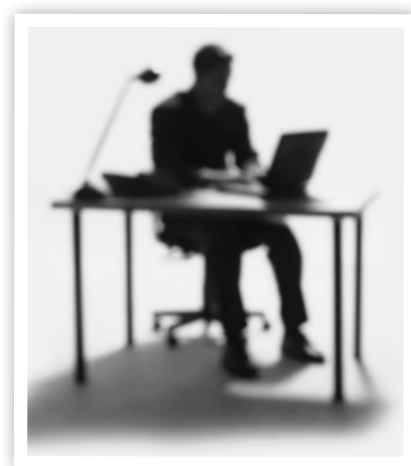

15 minutes

Target Audience

This course is aimed at workers who are already competent and is used as a sign off to confirm competence.

Cost

Cost is dependent on the number of people to be trained and the length of time they need to have access to the training.

COURTENELL Pty Ltd
